Driver Education Training

Century College is partnering with Training Wheels Driver Education to provide exceptional driver training to local youth. Our course exceeds all the Minnesota state requirements for driver education.

In order to obtain a driver's permit, Minnesota law requires teens under the age of 18 to complete 30 hours of classroom instruction prior to taking the permit test. To be eligible to obtain a valid driver's license, teens must complete 6 hours of behind-the-wheel training (BTW) with a licensed instructor. Upon completion of the BTW hours, a 16-year-old may take the driving exam to obtain a license.

This course includes:

30 HOURS OF CLASSROOM TRAINING

Teaching materials and curriculum come from national experts, making classroom sessions interactive, relevant and fun for teen learners. Our goal is to engage students with varied, flexible activities, demonstrations, case studies and assignments.

6 HOURS OF IN-CAR BEHIND THE WHEEL TRAINING

Following the classroom phase, behind-the-wheel is scheduled at your convenience. Directions for scheduling these sessions will be given during your classroom session. Additional BTW sessions may also be purchased.

DRIVER IMPACT PANEL DISCUSSION

This two-hour session usually occurs on a Saturday morning. Parents and student attend together, at convenient Twin Cities locations. Dates and times will be shared during the classroom session.

PARENT SEMINAR

This session takes place during the regularly scheduled classroom training and is designed to help prepare for and meet the challenges of working with your teen driver. Usually 1-1/2 hours in length.

SKID MONSTER DRIVING SESSION

(Scheduled 6 months after obtaining a license)

This 1/2 hour experience teaches skid avoidance and correction in a specially designed car in a controlled driving range situation. Dates and times will be shared during classroom session.

Note: Teens may start classes at age 14-1/2 and earn a permit at age 15.

Instructor: Debbie Prudhomme

The cost for each session is \$369
