## **Century Golf Team Scores Best Season**

The Century College golf team had its winningest season ever this year. Players won most of their meets, competing against other public two-year colleges in the National Junior Community College Athletic Association. They went on to win the State Championship and the five-state Regional Championship, which qualifies them to compete in the NJCAA national competition in June.

Golfer Ashley O'Brien of St. Croix Falls, Wis., qualifies to advance to the national women's contest after finishing among the top 10 players in the regional tournament. She will compete in the NJCAA Women's national tournament in Daytona Beach, Fla., in May at the Ladies Professional Golf Association national golf course. This was the fifth year that Century has had a golf team under Coach Mike McShane, who was named the NJCAA Coach of the Year.

The Century golfers celebrated at a luncheon on Friday, Dec. 11.
