## **Century College Horticulture Program Announces May Plant Sale**

[Century College's horticulture program](#) will hold its annual spring plant sale weekdays from 10 AM - 4 PM, May 3 to May 13 in the greenhouses behind East Campus. Flower and vegetable plants will be available, including annuals, perennials, vegetable and herb plants, hanging baskets and patio containers. Century's horticulture students grew the plants as part of their training. Money generated from plant sales will help support the horticulture program and fund several student scholarships.

If you are seeking a vocation or a hobby, Century's horticulture program can accommodate your needs. Century offers an associate in science degree in horticulture, as well as associate in applied sciences degrees, diplomas and certificates. Credits are transferable to the University of Minnesota and count toward a bachelor of science degree in environmental horticulture.

For more information, please contact [Mel Knapton](#), director of the horticulture program, at **651-773-1726**.
